

For rising sophomores French 2

Using your e-texts, complete the remaining chapters of Bien Dit level 1 (Chapters 9 and 10). Learn the vocabulary and the verbs (connaître, savoir, voir, and the faire idioms in chapter 10) but don't worry about grammar lessons. We will pick up with that in September. Take the time to **listen to the pronunciation lessons** and other auditory activities for all chapters so that you don't forget what you have already mastered.

Look for opportunities to explore and enjoy French culture in NYC or wherever you are over the summer. Watch French films (that are age appropriate!). Find opportunities to speak French with your friends too.

Amusez-vous bien cet été!
