

Summer Assignment 2016
French 3 (Rising Juniors)

In June 2017, you will be taking the New York State approved Checkpoint B Examination. This test measures your French proficiency in four areas: Speaking, Listening Comprehension, Reading and Writing. We will be working all next year to improve your skills in these areas. Thus, in anticipation of French 3, over the summer, **learn by heart** the attached vocabulary. These words, phrases, and grammatical constructions are a collection of vocabulary that you have seen during the past two years. They are also key phrases and words that, if **memorized**, will give you great confidence in your speaking and writing. I uploaded and shared this set with you on Quizlet earlier in the Spring. Perhaps you remember? Start your review of this material EARLY AND DO SOME EACH DAY. You will be tested in September!

https://quizlet.com/_1frf8q

Look for opportunities to explore and enjoy French culture in NYC or wherever you are over the summer. Watch French films (that are age appropriate!). Find opportunities to speak French with your friends too.

If you are interested, the site below is a wonderful resource:

TV5 Apprendre le français: This is a news site designed for students learning French. It provides many opportunities to practice several skills for everyone – beginners through advanced French students. Practice with the site: listen to multiple stories (you can listen then read the reports by downloading the TRANSCRIPTIONS)
