

12th Grade (Non A.P.) - Global Inequality

To rising 12th grade students: please read and annotate the books on this list carefully. Upon return from summer break, we will spend a substantial amount of time studying the first two books, and several assessments will be given. I believe you will enjoy these books...have fun with them, and come to class in September prepared to discuss and write about them.

12th Grade English Reading List (Summer Texts)

1. ***Jonathan Livingston Seagull***, by Richard Bach (ISBN 978-1476793313)
2. ***The World Is Flat***, by Thomas Friedman (ISBN 978-0312425074)
